Dear Dale,

I would like to take this moment to thank you and the entire Petra team for the excellent job on the Regency Wenatchee project. I have been involved in the operations and development side of the long term care industry for many years. I have worked with some of the most recognizable names in the construction industry. Petra has exceeded my expectations on every measurable metric. Your staff is professional, diligent, accurate, accommodating, and trustworthy. Petra works as a true partner verses a business adversary. The team worked very hard to solve difficult site issues, several redesign permutations and the normal but often difficult governmental issues common to licensed care occupancies. Through the entire process Petra remained a good partner in the process and the project is better for having chosen Petra. We look forward to a long working relationship.
